

Temporary Suspension of the Club Magazine

Dear Member,

By now you should have received the March edition of the Club magazine.

I am writing to advise you that we will temporarily suspend publication of the magazine with immediate effect, in view of the fact that there is little to report whilst the current social distancing measures are in force.

In the meantime, we will be keeping you up to date about Club activities and developments through our website – HKFC.com, What's On newsletters and Chairman's Message emails.

We will continue to review the magazine suspension in light of developments.

Michael J Wood

Chairman

Hong Kong Football Club
